Prepare both a summary paragraph and a general description of the resource and its various elements as it exists today.

This two-story three-bay framed and weatherboarded house faces east onto an old lane that is no longer really used. Its gable end overlooks Charles Street. It is a single-pile structure with an interior brick chimney on the south gable end. The windows are glazed with six-over-one double-hung sash. There is a one-story two-bay rear ell and a one-story hipped-roof enclosed porch on the north gable end. The tapering piers of this porch show that it dates from the early twentieth century. The original central front door is sheltered by an arched and gabled stoop. The presence of the north-facing porch suggests that the house may have been reoriented. The original siding has been replaced with asbestos shingles.
